

The Municipality of Anchorage and its consultants have reached an important stage in the project to improve 6th Avenue from Patterson Street to Muldoon Road. A draft Design Study Report is ready for review and alternatives for further design work are available for the public to see and comment on.

You are invited to a Public Meeting to learn about the alternatives and discuss them with the Project Team. Your input will help us make a street that better serves the residents, school, park, and the traveling public.

PUBLIC MEETING **December 6, 2006, 7-8:30 pm**
Presentation at 7:30 p.m.
Creekside Park Elementary School
Multipurpose Rm, 7500 E. 6th Ave.

If you are unable to attend the meeting and have comments or you would like more information, please call us, send us an e-mail, or log onto the web site.

Questions? Comments? Please contact us.
